

# SouthernDirt TECHSPO

Wednesday 1st July 2015

Katanning Leisure Centre 8.30 am - 5.00 pm

**Techspo...** a day for farmers and their advisors to touch, feel and talk about the many technologies currently available to improve livestock and cropping productivity and profitability. There will be various sessions running throughout the day which you are welcome to come and go to, depending on what grabs your interest. The Southern DIRT Techspo caters for all interests and experiences - "Making it easy!"

## INDUSTRY PRESENTERS

**Ben White & Josh Giumelli - Kondinin Group Research Report Techheads**

*What don't these two know? If it's technology for agriculture, they've researched it, played with it and tested it. They will be sharing a few "toys" and a vast knowledge of what's out there now and what is on the horizon. Think Top Gear for Agriculture!*

## FARMER PRESENTERS

**Simon Witham - Terragator Precision Services**

*Simon has spent countless hours researching how he can utilise technology to keep his contracting service, farm & fertiliser businesses running efficiently, effectively and productively. Come and hear what Simon has to share, including lessons learnt through trial and error and the pitfalls experienced along the way.*

## CROPPING & LIVESTOCK TECHNOLOGY

**Displays showcasing technology for your livestock business & cropping programme**

*From precision ag to precision soils, to new ways you can your handle sheep with less labour. Our experts can give you the information and tools you need to make investing in technology pay, right down to tips on what you can do before you make that call to your auto electrician!*

## OFFICE & DATA MANAGEMENT

**Demonstrations of technology designed to make paperwork less painful**

*Farm management packages, options for remote office management and methods for utilising the data you collect from the yards or tractor... there will be insights into the technology currently available which will work across your business, regardless of the enterprise you run.*

## FARMER SESSIONS

**Farmers sharing what they use, how they use it and WHY they use it**

*We have a line-up of local farmers keen to share a range of experiences, including converting old machinery with new technology, using labour-saving technology in the sheep yards and ways to manage the office from the paddock. There will be something for everyone!*

## MEET WITH THE EXPERTS

**Presentations from Neil Bennett at the Bureau of Meteorology**

*Get the low-down on weather forecasting & learn how to navigate the BOM website to find what you need.*  
**2014/15 WAMMCO State Prime Lamb Carcase Competition**  
*-with renowned "Sheep Agronomist" Anthony Shepherd*

WAIT, THERE IS MORE...

...network with like-minded farmers...

...have your say on the research being done...

...engage with industry representatives...
